

TURBI ENERGY & LOGISTICS
L I M I T E D

ABOUT US

Turbi Energy & Logistics Ltd is a legally registered, fast growing Energy Company specializing in the marketing, supply and transportation of petroleum based products. As a growing marketing company, we have perfected our business in the downstream sourcing and marketing of petroleum. We specialize in refined petroleum products which include Motor Fuels, Industrial Oils, LPG, Aviation Fuels, Lubricants and various other specialist oils. We are a top importer and are slowly expanding our range of products. We are focusing on projects in Africa, Middle East and the world at large. Our corporate focus in Energy and Logistics Services is to develop least cost solutions for customers that are environmentally responsible and reliable sources.

The development of a diverse, domestic and stable source of energy for all demand sectors including transport and logistics is our primary focus.

OUR VISION

To become an International Company in energy solutions.

OUR MISSION

To become a market leader through improving and increase quality and total value of our products and services while focusing on our customer's needs.

OUR CORE VALUES

- We believe in the principles of good corporate governance, which include accountability, integrity, transparency, ethics and best practice
- We insist on honesty, integrity and fairness in all aspects of our business practices, and expect the same from our contractors and suppliers
- We conduct our business in an efficient, responsible and safe manner in order to establish long-term benefits to our employees, customers and the society
- We respect each other, our communities and the environment
- Performance - We strive for excellence and deliver on our promises
- Teamwork - We help and challenge each other to achieve our goals

OUR DIRECTOR'S

Mohamed Hassan Turbi **Chairman**

With over 22 years' expertise in the oil & gas sector, Mr. Turbi has wide experience in various roles of the corporate management and has also been part of the core team that initiated Business Development activities at its Corporate Office for diversification of business and integration both upstream and downstream. He also has considerable global exposure, having headed successful projects in Uganda, DRC, Dubai and South Sudan respectively wherein he contributed to its turnaround into a profitable venture, which declared maiden dividend to its shareholders.

Farah Mohamed **Managing Director**

Mr. Farah is a graduate from University of Nairobi with an MBA (strategic management) with awards in the petroleum sector from PIEA. He has multiple roles within the finance function - controlling, treasury, audit, financial planning and analysis, or business unit finance. Being involved in high capital-intensive industry, he has broad experience in operations, strategy, marketing, or general management.

OUR PRODUCTS & SERVICES

Turbi Energy & Logistics Ltd markets and distributes bulk unleaded Premium Mogas, Automotive Gasoline, Illumination Kerosene, Jet A1, AF Gas, Fuel Oil, and Liquefied Petroleum Gas.

We ensure a constant supply to our partners within the industry at the most competitive and consistent pricing by securing partnerships with most of the major commodity trading companies.

We not only offer quality products that meet global standards, but ensure that our services fulfil our customer expectations at all levels; development, distribution, storage and at the retailing end.

Beyond our in-housing requirements, we are looking to establish learner supply lines to meet the energy needs of the African continent at a more cost effective level.

In the future, we look to expand our capacity to eventually trade on an international level, in-house, effectively support our distribution network and subsidiaries.

LUBRICANTS

All of our products are backed by extensive warranties and product guarantees. Whether your business is automotive, construction, trucking, or industrial, when you purchase from Turbi Energy & Logistics Ltd you can be confident that the lubricants and greases you receive meet or exceed industry standards for performance and quality.

LPG - LIQUID PETROLEUM GAS

Turbi Energy & Logistics Ltd now offers a fully-fledged LPG gas through its' extensive network across the region in bulk supply. Our product offers customer's quality, safe and reliable gas. Our core strength in the LPG market lies in the fact that we offer the right quantities to our customers and on demand.
